Please take your garbage and recycle to the trash room. And throw your garbage and recycle down the garbage chute. Ev Car charge and Tesla charge are available at the resort.

It is our pleasure to accept your group and your service dog. Please let us know the following before checking in if you are travelling with a Service Dog legally allowed by the ADA .

1. Is the dog a service animal required because of a disability?
2. What work or task has the dog been trained to perform and will the dog be left in the home by itself at any time during your stay?

We do not charge extra for a service dog, nor do we increase the security deposit. Guests remain liable for all and any damages caused by people or dogs .

Under the ADA , service animals must be harnessed, leashed or tethered, unless these devices interfere with the service animal's work or an individual's disability prevents using these devices. In that case, the individual must maintain control of the animal through voice, signal or other effective controls. The animal must be under control of the handler at all times therefore never left alone in the home.

If we discover that a guest has misrepresented a pet as a service animal. We reserve the right to seek financial restitution, report fraudulent claims to the government authorities and evict the guest (s) without further notice. In the latter case there will be no right to a refund or unused rent.

In 2022, both Airbnb and Airlines no longer treat Emotional Support Animals as Service Animals. If you have a ESA, please filter search for pet friendly properties only. Our home will not be a fit for ESA,

We will need a copy of the driver's license of the person making the reservation before check in to satisfy our HOA requirements and a list of all guests over the age of 18 years old.
